Re: Set Public Hearing for FY 2013 CDBG and HOME Annual Action Plan Amendment

EXECUTIVE SUMMARY:

The U.S. Department of Housing and Urban Development's (HUD) Citizen Participation rules require jurisdictions to consider any comments or views of citizens at a public hearing prior to submitting an amendment to the Annual Action Plan. In order to comply with this requirement, staff has prepared a resolution setting a public hearing on the FY 2013 Annual Action Plan for February 17, 2014. The full report will be provided to the Council prior to the February 17, 2014 public hearing.

DISCUSSION:

The Annual Action Plan provides an update on the actions the City will take to meet the priority needs, goals and objectives of the 2010-2014 Consolidated Plan during FY2013. The City submitted its FY 2013 Annual Action Plan to HUD in November of 2012. HUD guidelines require HOME "entitlement communities" set aside at least 15% of its annual HOME allocation for Community Housing Development Organizations (CHDOs). CHDOs are non-profit organizations that develop affordable housing for low to moderate income households and meet additional board and organizational requirements as established by HUD.

The City has historically set aside 15% of its HOME funds for CHDO activities as a part of its annual action plan process and then later identified specific CHDO projects after official HOME funding allocations are released by HUD. This allows the City to ensure the 15% requirement is met and results in CHDO project allocations being made later in the calendar year.

This budget amendment allocates \$69,450 in 2013 HOME CHDO set-aside funding. The Community Development Commission (CDC) held a public hearing on November 13, 2013 to hear proposals from local CHDO organizations. Proposals were received from Show-Me Central Habitat for Humanity, Job Point and Central Missouri Community Action. CDC CHDO funding recommendations are included in attachment A and provide funding for proposed projects to be completed by Job Point and Central Missouri Community Action. Attachment A provides existing budget allocations for the FY 2014 Annual Action Plan, as well as the proposed FY2013 HOME CHDO allocations. The CDC and City staff is recommending \$34,725 in FY2013 CHDO funding for Job Point and \$34,725 for Central Missouri Community Action. A full report will be provided to the Council prior to the February 17, 2014 public hearing.

B. Specific Objectives, Outcomes, and Performance of CDBG and HOME Projects

Below is a statement, by national objective and national outcome measures of the projected accomplishments for CDBG, HOME and other HUD funded activities within the next year. Where the objective is similar to one carried over from a previous year, the accomplishments to date on that objective are stated for the 2013 year.

1. National Objective of Providing Decent Affordable Housing: Through the use of CDBG and HOME funding during 2013, this Plan provides for the ability of the City to facilitate the provision of 16 units of affordable rental housing, the purchase 17 of units of affordable new and existing owner occupied housing, 53 home rehabilitation and repair projects through City and not-for-profit Agency programs, and 20 special needs households assisted Tenant-Based Rental Assistance. The City proposes to make housing assistance available for 106 units of housing.

Objective 1: Policy on Affordable Housing: The City Council should adopt an overall policy statement to further institutional changes in affordable housing. The policy should be part of a new comprehensive plan currently being developed by the City. For 2013, completion of a draft plan including an affordable housing policy is expected.

2012: Affordable housing was identified as a contributing factor to creating a livable community including specific aspects that need to be addressed to reduce housing costs.

Objective 2: Establish a locally administered Housing Trust Fund to help provide decent affordable housing. For 2013, appoint a board to oversee a housing Trust Fund.

2012: Community Development Director, City Manager, and Columbia Housing Authority CEO have been meeting to explore implementation.

Objective 3: Create a new position for an affordable housing planner to act as the City's advocate for comprehensively developing affordable housing recommendations contained in this report.
